

DVD HELP

TOPIC	SOLUTION	DATE
Our church does not have a DVD player.	In past years, Group has created the Chadder movie and other media products in both VHS and DVD formats. Due to the major decline in use of VHS by our customers, we have decided to discontinue the production of VHS media items. Churches that do not have a DVD player can choose to rent one, bring one from home for use during VBS, or purchase a used DVD player from a local pawn shop.	12/1/08
